

## Marina Bautier Lap Shelving

Lap is a simple and highly functional shelving unit comprising a solid oak or walnut frame and a variety of folded sheet metal components. The powder coated components include a bookshelf, a tray shelf, a deep box and a shallow box which drop into and overlap the frame. By adding an extension kit, the Lap system can adapt to the particular needs of the user.

Tall shelving unit from	W 1060 x H 1930 x D 350
Medium shelving unit from	W 1060 x H 1565 x D 350
Low shelving unit from	W 1060 x H 805 x D 350
